

SLAP PATCH[®]

RUBBERIZED, WATERPROOF PATCH

WORKS UNDERWATER!

Slap Patch is a super strong, rubberized semi-permanent waterproof patch that can bond, seal and repair virtually everything. Very easy to use, just slap it on and get back to your fun! Perfect repair patch to carry for those weekend excursions.

Slap Patch is reinforced and creates semi-permanent long-lasting repairs even underwater. Perfect for making watertight, durable repairs on boats, personal watercraft, engine parts, gas cans, drain pipes, water tanks, PVC pipes and more. Slap Patch instantly seals out water, air and moisture to create a super strong, flexible, watertight barrier.

This patch is UV resistant, environmentally friendly, VOC-free and has a wide temperature range so it can be used in extreme weather conditions. Slap Patch bonds to all hard surfaces.

Details:

- Super strong, semi-permanent, rubberized, waterproof
- Specially formulated with a thick, flexible, rubberized backing that conforms to any shape or object
- Can be applied hot or cold, wet or dry, even underwater
